PROFILE

I'm a developer with freelance and e-commerce platform experience. Proficient in PHP, Magento, Laravel, Javascript (Next.js, jQuery), and SQL. Currently, I split my time between Italy and the Netherlands.

EMPLOYMENT HISTORY

Web Developer at Tannico s.r.l., Milano

January 2023 — Present

- Implemented advanced features on Magento, ensuring platform stability.
- Developed new features on the front end using Next.js, enhancing the user experience in a headless approach.
- Effectively coordinated external consultants, contributing to the success of project activities and objectives.
- Developed endpoints for APIs used by the mobile APP in collaboration with external vendors.
- Implemented features in pure PHP, including the creation of export queries for external software such as invoicing software, and optimizing processes.

Developer at MyOrango

June 2022 — March 2023

- Led the development of an MVP for a startup, creating a smart worker location booking system.
- Implemented graphics and designed animations to enhance the visual appeal of the system.
- Developed backend logic for efficient package search functionality.
- Created backend logic to categorize packages, enhancing the system's organizational structure.

Web Developer at Freelance

June 2021 — December 2022

- Collaborated with communication agencies for the development of websites and e-commerce platforms.
- Worked with startups to analyze digital projects and optimize processes.
- Designed and implemented management software for businesses, with a focus on the construction industry.

Web Developer / Designer at 1MEDIA, Torino

February 2018 — December 2022

- Designed and developed websites for the publisher's editorial titles.
- Contributed to the creation of an e-commerce platform.

Journalist / Director at 1MEDIA, Torino

June 2017 — January 2023

- Served as the director of the bimonthly "Spit," a magazine dedicated to sport climbing.
- Worked as a tester and journalist for the monthly publication "TuttoRally+."
- Contributed as a tester and journalist for the monthly publication "La Mia Auto."

EDUCATION

- **Master in Digital Communication Design and Management, Università' degli Studi di Torino, Torino**
